

The NSS Reporting HFs continue to upload malnutrition indicators' data on tablets in all the (47) Helath centers in (2)Governorate (9) Districts) and (27) subdistrict , using ODK application. During the reporting period(47 / 47) , 100% of the Reporting HFs across (2) Governorates provided surveillance data for NSS ,(100%) of reporting health facilities reported on time. The total number of detected malnourished cases is (393) out of (20015) , While (11184) ,56% of the measured children were under 2 years old.
