

The NSS Reporting HFs continue to upload malnutrition indicators' data on tablets in all the (49) Health centers in (2)Governorate (9) Districts) and (27) subdistrict , using ODK application. During the reporting period(49 / 49) , 100% of the Reporting HFs across (2) Governorates provided surveillance data for NSS ,(100%) of reporting health facilities reported on time. The total number of detected malnourished cases is (628) out of (32768) , While (18604) ,57% of the measured children were under 2 years old.
